UNSTARRED QUESTION NO:4981
ANSWERED ON:24.04.2003
SUPPLY OF DRINKING WATER IN GUNTUR RAILWAY STATION
YEMPARALA VENKATESWARA RAO

Will the Minister of RAILWAYS be pleased to state:

(a) whether there is no water source at Guntur Railway Station for supply of drinking water;

(b) if so, whether any study has been made for providing drinking water at the station through direct pipeline from Krishna River or its canals;

(c) if so, the action proposed to be taken in this regard; and

(d) the time by which such a pipeline is likely to be laid?

Answer

MINISTER OF STATE IN THE MINISTRY OF RAILWAYS (SHRI BANDARU DATTATRAYA)

(a): There is a water source at Guntur Railway station for supplying drinking water which is Vankayalapadu NS canal.However, it is proving to be inadequate to meet the future demands.

(b) to (d): No proposal has been firmed up in this regard.
